NEW BUSINESS

The US Department of Education made a change regarding federal funding and the law now states that a school must be a post-secondary school to receive federal funding. This has come to the Barber schools' attention and they brought proposed legislation in the 2016 Legislative session. They brought the proposal to the Board to see if the Board has any concern about this being added into the Barber Law.

Mr. Starita addressed the Board regarding the proposed legislation on post-secondary education. The Barber Association will work with the Legislature. The association provided the Board with draft language and requested the Board send a letter to the US Department of Education letting it know the Board does not have concerns with the proposed language and understands the schools and colleges will be taking the proposal to the Legislature for consideration.

A motion was made by Ms. O'Connor that the Board does not have an issue with the proposed language and to approve the letter to the US Department of Education and to have the Board Chair sign on behalf of the Board. It was seconded by Mr. Moriarty. Motion carried.
